The PC was informed that the Government have awarded £4 million pounds to address the problem of pot holes in the County. Cllr Ogle explained that identifying marks around potholes are indicative of the amount of time that the department have to repair them according to severity e.g. a white circle around the site indicates the need to repair within 24 hours and a yellow circle indicates 28 days.

The PC was further informed that drains have been improved at Sibthorpe Hill and the highway chambers are being dealt with.

The County Council Drains Officer is Matt Duckworth.

Cllr. Ramsden raised the issues of the drainage problems in Rockley and Cllr. Ogle acknowledged he was aware of the issue and asked her to follow up the situation in a couple of months before the winter weather exacerbates the situation.

Action: Cllr. Chandler will invite a representative from Bassetlaw District Council to the next meeting to discuss any measures that could be formally put in place.

The Clerk reported that she had contacted Highways, The Environmental Agency and the Rivers Trust to establish ownership and a solution to the problem of people jumping off the bridge into the river.
